1 Introduction

The following symbols and conventions are used to indicate important information. Always observe these instructions.

WARNINGS: Instructions that, if ignored, could result in death or serious personal injury caused by incorrect operation of the equipment. These must be observed for safe operation.

CAUTIONS: Instructions that, if ignored, could result in personal injury or material damage caused by incorrect operation of the equipment. These must be observed for safe operation.

Important Note: Important instructions that should be adhered to during system operation.

Typographic Conventions

1. Hardware features are displayed in bold uppercase letters, e.g. **ARMING SWITCH**.
2. Operation states are displayed in bold uppercase letters surrounded by square brackets, e.g. **[OFF]**.

Using your sMRT AU10 for the First Time

Carefully read the [Warnings and Safety Information](#) section in this manual prior to using the sMRT AU10 for the first time. To operate correctly, the sMRT AU10 should be professionally fitted to an MRT approved PFD by a service centre authorised by MRT. Visit the MRT website www.mrtsos.com for specific instructions on accessing the sMRT AU10.

Prior to first use perform a full [system test](#) to confirm the device is operating correctly.

2 Glossary of Terms & Acronyms

AIS	Automatic Identification System: Automatic tracking system used on ships and by vessel traffic services for identifying and locating vessels by electronically exchanging data with other nearby ships, AIS base stations, and satellites.
DSC	Digital Selective Calling – technology used to automate calling on terrestrial marine radio systems.
ECDIS	Electronic Chart Display and Information System
EPIRB	Emergency Position Indicating Radio Beacon.
FCC	US Federal Communications Commission
GPS	Global Positioning System - for satellite navigation
MAYDAY	Voice distress priority message
MMSI	Maritime Mobile Service Identity (DSC identity number)
MRT	Marine Rescue Technologies
MSLS	Maritime Survivor Locating System
PFD	Personal Flotation Device
PLD	Personal Locating Device
RDF	Radio Direction Finding
RMA	Return Merchandise Authorisation - a number allocated by MRT or an authorised service agent when returning equipment for recertification or repair
RoHS	Restriction of Hazardous Substances directive
RTCM	Radio Technical Commission for Maritime Services
SAR	Search and Rescue
USCG	US Coast Guard
VHF	Very High Frequency radio band – 30 to 300 MHz.
WEE	Waste Electrical and Electronic Equipment directive

3 Warnings & Safety Information

WARNINGS:

- The sMRT AU10 is not an EPIRB.
- The device is a Personal Locating Device (PLD), which uses AIS and 121.5MHz Radio Direction Finding (RDF) techniques.
- Perform a full system test before use.
- The sMRT AU10 should **ONLY** be used in an emergency. **DELIBERATE MISUSE MAY INCUR A SEVERE PENALTY.**
- Annual inspection and recertification of the sMRT AU10 by MRT Ltd. or an authorised service agent is required every 12 months.
- DO NOT store or transport the unit in a wet or high moisture environment to avoid accidental activation.
- Do not dismantle the sMRT AU10.
- DO NOT tamper with the **AUTO ACTIVATION WATER SENSOR** on the top or bottom of the unit.
- The sMRT AU10 emits radio frequency radiation when in use. Avoid handling the antenna when activated.

LIFE JACKET & PERSONAL PROTECTIVE EQUIPMENT (PPE) USAGE WARNINGS:

- The sMRT AU10 must only be fitted/attached to life jackets approved by MRT Ltd.
- Only MRT approved attachment kits/pouches are to be used to attach the unit to the life jacket.
- The sMRT AU10 must be fitted strictly in accordance with the life jacket manufacturer & MRT's instructions as supplied.
- The sMRT AU10 must only be fitted by an approved service centre authorised by MRT and the life jacket manufacturer.
- The life jacket is to be serviced according to the manufacturer's specifications.
- It is the user's responsibility to ensure that any ancillary equipment, such as survival suits/harnesses, PPE, clothing etc., does not interfere with the operation of the sMRT AU10.

**CAUTION:**

- Do not paint the sMRT AU10 or clean it with aggressive detergents or solvents. Some cleaning materials may damage the seals and affect the integrity of the device.
- To ensure the sMRT AU10 operates as intended in an emergency:
 - Avoid dropping the unit.
 - Avoid leaving the unit unnecessarily in full sun where it may be exposed to excessively high temperatures.
 - Inspect the device periodically for signs of wear and tear, visible cracks or other damage.

The sMRT AU10 could save your life, treat it with respect at all times.

4 sMRT AU10 Overview

This user manual provides all the information required to operate and test the sMRT AU10 Maritime Survivor Locating Devices. The sMRT AU10 is a dual-operation Personal Locating Device transmitting on the 121.5 MHz search and rescue (SAR) frequency, while simultaneously transmitting GPS position coordinates on AIS channels AIS1 and AIS2.

sMRT AU10 Activation

When armed, the sMRT AU10 is designed to automatically activate in an emergency when immersed in water. There is an **AUTO ACTIVATION WATER SENSOR** on the top and bottom of the unit. If the unit is continuously immersed in salt or fresh water it will auto-activate. A predetermined 2 second delay period prevents device activation caused by spray, rain and splashing.

The sMRT AU10 can also be manually activated by pressing the round rubber **ACTIVATION BUTTON** on the front of the device when armed. The design of the **ARMING SWITCH**, in conjunction with the unit's **RUBBER O-RING**, prevents the device from being accidentally activated while being carried or in transit.

4.1 sMRT AU10 Features

sMRT AU10 Front

1. **ANTENNA.**
2. **AUTO ACTIVATION WATER SENSOR.**
3. Product name.
4. **ACTIVATION BUTTON GUARD.**
5. Front label.
6. **RUBBER O-RING** restrainer for **ARMING SWITCH.**
7. **BASE CAP** (hinged, not separate).
8. **AUTO ACTIVATION WATER SENSOR.**
9. Restrainer **GRAB TAG** for **ARMING SWITCH.**
10. **ARMING SWITCH.**
11. Round rubber **ACTIVATION BUTTON** (for activation and function testing).

12. Operation instructions (rear label)

SMRT AU10 Rear

13. Mandatory Recertification/Service Date (side label)

14. Device Serial Number (side label).

15. Device MMSI Number (side label).

SMRT AU10 Side

5 sMRT AU10 Operation

The sMRT AU10 must be professionally fitted to an MRT approved PFD to operate correctly. This ensures the device is in the most effective position for water activation and emergency transmissions, while the PFD assists the casualty to remain afloat and face-up when in the water.

The sMRT AU10 is **[OFF]** when shipped and needs to be configured in the **[READY]** state prior to use.

WARNING: See the MRT website www.mrtsos.com for specific instructions on accessing the sMRT AU10 inside the sMRT PFD.

Arming the sMRT AU10

This procedure arms the device for both manual and auto-activation.

1

Open the sMRT AU10 access point zip in the PFD.

2

Remove the sMRT AU10 as displayed and lift the **RUBBER O-RING** up and over the **ARMING SWITCH**.

- 3** Push the **ARMING SWITCH** down to the **[READY]** position until it clicks into place and ensure the **RUBBER O-RING** is positioned in the gap above the **ARMING SWITCH**.

- 4** Reinsert the unit in the PFD and close the access point zip securely. The sMRT AU10 and PFD are now ready for use.

CAUTION: How you access the sMRT AU10 may differ from the illustrations above depending on the manufacturer of your PFD. Refer to the relevant user manual for your PFD for guidelines on accessing the sMRT AU10.

WARNING: After arming the unit it can remain in the life jacket for 12 months until the jacket and beacon require servicing and recertification. Before returning the unit for servicing and recertification it must be made safe:

1. Slide the **ARMING SWITCH** up to the **[OFF]** position and then lift and pull the **RUBBER O-RING** down and over the **ARMING SWITCH**.
2. Ensure the **RUBBER O-RING** is positioned in the gap below the **ARMING SWITCH**.

Activating the sMRT AU10

Activation commences dual-operation Personal Locating Device transmissions on the 121.5 MHz search and rescue (SAR) frequency, while simultaneously transmitting GPS position coordinates on AIS channels AIS1 and AIS2. sMRT AU10 transmissions continue after activation until the device is disarmed/switched **[OFF]**. There are two methods of activation.

- 1** Press the round rubber **ACTIVATION BUTTON**.

- 2** The sMRT AU10 also activates automatically after 2 seconds of continuous immersion in water.

Audio **SOS BEEPS** can be heard and flashing **RED LEDs** are visible when the unit is transmitting in non-test mode. This pattern cycles continuously until the unit is disarmed/switched **[OFF]**.

Important Note: The unit has two **AUTO ACTIVATION WATER SENSORS** (a metal screw on top of the unit and within the base cap). Both these sensors have to be continuously immersed for a period of not less than 2 seconds to allow the unit to auto-activate, this prevents inadvertent activation by spray, rain or splashes.

CAUTION: DO NOT store or transport the unit in a wet or high moisture environment to avoid accidental activation.

Disarming/Deactivation of the sMRT AU10

Slide the **ARMING SWITCH** up to the **[OFF]** position and then lift and pull the **RUBBER O-RING** down and over the **ARMING SWITCH**. Ensure the **RUBBER O-RING** is positioned in the gap below the **ARMING SWITCH**.

5.1 Device Indications

The following table provides an overview of device indications in different operation states.

AU10 Arming State	LED Colour	Audio Indication	Battery State
[OFF]	None	None	
[OFF] + Battery Test Mode Active	Solid GREEN LED	Single BEEP every few secs. during GPS lock; BEEPS cease for a short period after GPS lock is acquired; then a change in the BEEP tone before hibernation.	Battery OK
	Solid RED LED	Single BEEP every few secs. during GPS lock; BEEPS cease for a short period after GPS lock is acquired; then a change in the BEEP tone before hibernation.	Battery recertification required
	Not illuminated	None	Battery recertification required
[READY] + Not Activated	GREEN LED flashes approx. every 60 secs	Short BEEPS approx. every 60 secs	Battery OK
	RED LED flashes approx. every 60 secs	Short BEEPS approx. every 60 secs	Battery recertification required
[READY] + Activated (non-test mode)	RED LED flashes approx. every second	Audio SOS BEEPS can be heard when the unit is transmitting in non-test mode.	Battery recertification required after activation in an emergency

5.2 Testing the sMRT AU10

A full system test is performed prior to the sMRT AU10 being shipped. The device is **[OFF]** when shipped and needs to be configured in the **[READY]** state prior to use. A full system test should also be performed at this time.

WARNING: After deployment into active service, a regular full system test of the sMRT AU10 should be performed every 3 months. Do not test the sMRT AU10 more than once per month as this could affect battery life and operation of the device in an emergency. MRT also mandates that the sMRT AU10 must be returned to MRT, or an authorised MRT service agent, for annual servicing and recertification.

Low Power Function Test Mode: Battery Testing

Ensure the **ARMING SWITCH** is in the **[OFF]** position.

1. Press and hold the round rubber **ACTIVATION BUTTON** to activate function test mode.
2. Observe the **ANTENNA LED**:
 - a. **GREEN LED** = Batteries OK
 - b. No **LED** = Battery recertification required
 - c. **RED LED** = Battery recertification required
3. To cancel function test mode and the battery function test:
 - a. Stop pressing the **ACTIVATION BUTTON**, or
 - b. Lift the **RUBBER O-RING** up and over the **ARMING SWITCH**, push the **ARMING SWITCH** down, then immediately up to cancel the function test.

Automatic Low Power Indications

The unit has battery status indications to indicate a low battery:

- Short **BEEPS** (approximately every 60 seconds).
- **RED LED** flashes (approximately every 60 seconds).

Low Power Test Mode: Verifying 121.xxMHz and AIS Transmissions

When in low power test mode, the sMRT AU10 will display battery **LED** indications and transmit low power 121MHz and AIS test transmissions.

Verifying 121.xxMHz Test Transmissions

Live units transmit on 121.5MHz and training units transmit on 121.65MHz or 121.775MHz. The low power transmission range is approximately 30 meters and transmissions can be verified using an MRT Crewguard or MRT SARfinder receiver.

WARNINGS: When conducting a test or exercise on the SARfinder using the 121.65MHz frequency, it will automatically revert back to the live 121.5MHz frequency after 20 minutes.

Verifying AIS Test Transmissions

AIS test transmissions with GPS position coordinates are sent after a GPS position has been acquired. These can be verified and displayed using a suitable chart plotter linked to an AIS receiver or sMRT Station.

GPS Test

CAUTION: Ensure the device has a clear view of the sky during testing to receive a GPS signal.

Ensure the **ARMING SWITCH** is in the **[OFF]** position.

1. Press and release the round rubber **ACTIVATION BUTTON** to

- activate GPS test mode.
2. The unit will attempt to acquire a GPS lock, which is indicated by an audio **BEEP** every few seconds. **BEEPS** will cease for a short period after a GPS lock has been acquired, followed by a change in the **BEEP** tone. The unit will then go into hibernation. (Note: GPS time to first lock is approximately < 1 minute, depending on operating conditions).
 3. If no lock is achieved after approximately 5 minutes the device will automatically stop searching and go into hibernation.

sMRT AU10 LED Indications when Armed

The sMRT AU10 displays the following status indications when the **ARMING SWITCH** is in the **[READY]** position and the battery is OK:

- Short **BEEPS** (approximately every 60 seconds)
- Green **LED** flashes (approximately every 60 seconds)

6 Recertification and Servicing

Annual recertification is essential to ensure the sMRT AU10 unit operates effectively in a lifesaving situation. Regularly check the recertification dates for your PFD and sMRT AU10 as displayed on your PFD's service label (see following label example).

sMRT AU10 Service Label

Do not use your sMRT AU10 if there are any signs of damage, or if any functional tests fail. MRT and authorised MRT service agents provide a full and comprehensive service and repair facility for recertification of units including battery replacement.

WARNING: If annual recertification is not undertaken prior to the return for service date, as indicated on the unit each year, the operability and reliability of the unit will be severely affected and the unit will NOT BE CERTIFIED FOR ANY FURTHER USE. An audible beep will sound continuously and the LED will flash red continuously (until the battery expires) if the sMRT AU10 has not been recertified as specified. MRT is not liable for any defect or failure of the unit and any resulting effect including Personal Injury or Death.

Cracks in seals or housings could allow moisture inside the unit, rendering it unreliable or unusable. If cracking is observed, or if it is possible that the unit

has been damaged, please contact MRT or an authorised MRT service agent for it to be assessed, repaired or replaced as required.

How to Return Units for Recertification and Servicing

Please contact MRT at support@mrtsos.com, or your authorised service agent, to obtain an RMA tracking number for any units being returned for recertification and servicing. Record the RMA number and include it when returning units as it is used to track the device during the servicing and recertification process.

Operational Life

The sMRT AU10 has a service life of 5 years and must be recertified annually. If the device fails a battery self-test at any time it should be returned to MRT, or an authorised MRT service agent for testing and recertification.

End of Life Statement

Marine Rescue Technologies hereby declares that all materials, components and products supplied are in full compliance with RoHS & WEE directives. This product must be disposed of according to local laws and regulations. Because the product contains a battery it must be disposed of separately from household waste. Do not incinerate, but take it to a recycling facility.

7 Declaration of Conformity

Declaration of Conformity

Name of Manufacturer Exporter: Marine Rescue Technology Limited
Address of Manufacturer Exporter: Marshall House
Zarya Court, Grovehill Road
Beverley, East Yorkshire
HU17 0JG

Declares that product: AU10
Maritime Personal Homing Beacon

Conform to the R&TTE Directive 1999/5/EC as attested by conformity with the following harmonized standards:

EN 302 961-2 V1.2.1:

Electromagnetic compatibility and Radio spectrum Matters (ERM) Maritime Personal Homing Beacon intended for use on the frequency 121,5 MHz for search and rescue purposes only, Part 2: Harmonized EN covering the essential requirements of article 3.2 of the R&TTE Directive.

EN 300 152-2 V1.1.1:

Electromagnetic compatibility and Radio spectrum Matters (ERM), Maritime Emergency Position Indicating Radio Beacons (EPIRBs) intended for use on the frequency 121,5 MHz or the frequencies 121,5 MHz and 243 MHz for homing purposes only, Part 2: Harmonized EN under article 3.2 of the R&TTE Directive.

EN 301 489-22 V1.3.1:

Electromagnetic compatibility and Radio spectrum Matters (ERM), ElectroMagnetic Compatibility (EMC) standard for radio equipment and services; Part 22: Specific conditions for ground based VHF aeronautical mobile and fixed radio equipment.

Conform to the Low Voltage Directive 2006/95/EC as attested by conformity with the following harmonized standard:

EN60950-1:2006:

Information technology equipment — Safety — Part 1: General requirements

FCC ID: 2AB4VAU10

A handwritten signature in blue ink, appearing to read 'Ken Gaunt', written over a horizontal line.

Ken Gaunt

8 FCC Compliance Information Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference; and
2. This device must accept any interference received, including interference that may cause undesired operation.

Note:

- This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.
- This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.
- If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
 1. Reorient or relocate the receiving antenna;
 2. Increase the separation between the equipment and receiver; or
 3. Contact your authorised MRT service agent for help.

Do not make any changes or modifications to the equipment unless otherwise specified in this manual. If such changes or modifications should be made, you could be required to stop operation of the equipment. Any changes or modifications not expressly approved by MRT Limited could void the user's authority to operate this equipment.

9 Warranty

It is important to register the purchase of MRT products by completing the online form. Failure to complete registration could delay any warranty claim. Online product registration and MRT terms of sale conditions are available on the company's website at <http://mrtsos.com/support/product-registration-and-warranty>.

10 Terms & Conditions of Sale

1 Definitions & Interpretation

(a) The definitions and rules of interpretation in this clause apply in these Conditions.

Annual Maintenance/Support: an annual programme of maintenance, repairs and support in respect of marine safety equipment in accordance with relevant Maintenance Protocols available from the Supplier under an Annual Maintenance & Recertification Agreement.

Annual Maintenance & Recertification Agreement: the Supplier's separate Annual Maintenance & Recertification Service Agreement covering Annual Maintenance/Support and Annual Recertification.

Annual Recertification: means annual recertification of marine safety equipment as being in Good Working Order by the Supplier following completion of Annual Maintenance/Support available from the Supplier under an Annual Maintenance & Recertification Agreement.

Conditions: these Terms & Conditions of Sale.

Contract: the Customer's order and the Supplier's acceptance of it in accordance with clause 3(c), which incorporates these Conditions.

Customer: the person, firm or company who purchases Equipment from the Supplier.

Equipment: the equipment to be purchased by the Customer from the Supplier under the Contract, including all hardware and related Software, and all substitutions, replacements or renewals of such items and all related accessories, manuals and instructions provided (including without limitation any part or parts thereof).

Good Working Order: means operation in accordance with relevant operating manuals, specifications and other manufacturer documentation.

Intellectual Property Rights: patents, rights to inventions, copyright and related rights, trade marks, trade names, domain names, rights in get-up, rights in goodwill or to sue for passing off, unfair competition rights, rights in designs, rights in computer software, database rights, topography rights, moral rights, rights in confidential information (including without limitation know-how and trade secrets) and any other intellectual property rights, in each case whether registered or unregistered and including without limitation all applications for and renewals or extensions of such rights, and all similar or equivalent rights or forms of protection in any part of the world.

Maintenance Protocols: the Supplier's published procedures, requirements and protocols for routine preventative and corrective maintenance, repairs and support of marine safety equipment supplied by it (including hardware maintenance and repair, Software updates and maintenance) from time to time to ensure it is in Good Working Order.

Software: means one or more computer programs in object code format, whether stand alone or bundled with other hardware or software supplied as part of the Equipment, including embedded code, and all related documentation supplied under the Contract.

Supplier: Marine Rescue Technologies Limited (Company No. 04202403), Registered Office: Halifax House, 30-34 George Street, Hull, East Yorkshire HU1 3AJ.

VAT: value added tax chargeable under English law for the time being and any similar additional tax.

(b) Clause headings shall not affect the interpretation of these Conditions. References to clauses are to the clauses of these Conditions

(c) A **person** includes a natural person, corporate or unincorporated body (whether or not having separate legal personality).

(d) A reference to a **company** shall include any company, corporation or other body corporate, wherever and however incorporated or established.

(e) Unless the context otherwise requires, words in the singular shall include the plural and in the plural include the singular.

(f) Unless the context otherwise requires, a reference to one gender shall include a reference to the other genders.

(g) A reference to a statute or statutory provision is a reference to it as amended, extended or re-enacted from time to time.

(h) A reference to **writing** or **written** includes faxes and e-mail.

2 Application of Conditions

- (a) These Conditions shall:
- (i) apply to and be incorporated in the Contract; and
- (ii) prevail over any inconsistent terms or clauses contained in or referred to in the Customer's purchase order, confirmation of order, or specification, or implied by law, trade custom, practice or course of dealing.
- (b) No addition to, variation of, exclusion or attempted exclusion of any term of these Conditions shall be binding on the Supplier unless in writing and signed by a duly authorised representative of the Supplier.
- (c) Each of the Supplier and the Customer warrant to each other that it has full capacity and authority to enter into and perform the Contract, and that those signing the Contract are duly authorised to bind the party for whom they sign.

3 Basis of Sale

- (a) Any quotation is valid for a period of 30 days only, and the Supplier may withdraw it at any time by notice to the Customer.
- (b) Each order or acceptance of a quotation for Equipment by the Customer shall be deemed to be an offer by the Customer subject to these Conditions. The Customer shall ensure that its order is complete and accurate.
- (c) A binding contract shall not come into existence between the Supplier and the Customer unless and until the Supplier issues a written order acknowledgement to the Customer, or the Supplier delivers the Equipment (as appropriate) to the Customer (whichever occurs earlier).
- (d) The Supplier may deliver the Equipment by separate instalments. Each separate instalment shall be invoiced and paid for in accordance with the provisions of the applicable Contract. Each instalment shall be a separate Contract and no cancellation or termination by either party of any one Contract relating to an instalment shall entitle the Customer to repudiate or cancel any other Contract or instalment.
- (e) No order for Equipment which has been acknowledged by the Supplier may be cancelled by the Customer, except with the agreement in writing of the Supplier and provided that the Customer indemnifies the Supplier in full against all loss (including without limitation loss of profit), costs (including without limitation the cost of all labour and materials used), damages, charges and expenses incurred by the Supplier as a result of cancellation. Details of cancellation charges is available from the Supplier upon request.
- (f) Certain Software products require product activation prior to being fully enabled. Orders for Software purchases may not under any circumstances be cancelled after product activation, including those purchases and/or downloads originating through a web-based transaction.
- (g) The United Nations Convention on Contracts for the International Sale of Goods shall not apply to any Contract made subject to these Conditions.

4 Quantity and Description

- (a) The quantity and description of the Equipment shall be as set out in the Supplier's acknowledgement of order or (if there is no acknowledgment of order) quotation.
- (b) All samples, drawings, descriptive matter, specifications and advertising issued by the Supplier, and any descriptions or illustrations contained in the Supplier's catalogues or brochures are issued or published for illustrative purposes only and they do not form part of the Contract.
- (c) Any typographical, clerical or other error or omission in any sales literature, quotation, price list, acceptance of offer, invoice or other document or information issued by the Supplier shall be subject to correction without any liability on the part of the Supplier.
- (d) The Supplier reserves the right (but does not assume the obligation) to make any changes in the specification of the Equipment which are required to conform with any applicable legislation or, where the Equipment is to be supplied to the Customer's specification, which do not materially affect their quality or performance.

5 Prices

- (a) All prices are exclusive of delivery, packaging, packing, shipping, carriage, insurance, VAT and other taxes, levies, assessments, charges and duties applicable to the sale of the Equipment and import into the destination country. If any exemption from any taxes, duties or other charges is claimed, the Customer must provide appropriate written evidence to the Supplier.

(b) The price of the Equipment shall be as stated in the Supplier's acknowledgement of order or quotation, or where no price has been quoted (or a quoted price is no longer valid), the price listed in the Supplier's price list current at the date of acceptance of the order.

(c) The Supplier reserves the right, by giving notice to the Customer at any time before delivery, to increase the price of such of the Equipment as has not been delivered to reflect any increase in the cost to the Supplier which is due to any factor beyond the control of the Supplier (including without limitation any foreign exchange fluctuation, currency regulation, alteration of duties, change in legislation, significant increase in the costs of labour, materials or other costs of manufacture), any change in delivery dates, quantities or specifications for the Equipment which is requested by the Customer, or any delay caused by any instructions of the Customer or failure of the Customer to give the Supplier adequate information or instructions.

(d) The prices payable for Annual Maintenance/Support and/or Annual Recertification shall be as stated in the Supplier's acknowledgement of order or as specified in the relevant Annual Maintenance & Recertification Agreement. The Supplier reserves the right, by giving sixty (60) days written notice to the Customer at any time, to increase the prices charged by the Supplier for Annual Maintenance/Support and/or Annual Recertification, unless otherwise specified in the relevant Annual Maintenance & Recertification Agreement or otherwise agreed in writing by the Supplier (for example, price changes for prepaid Annual Maintenance & Recertification will usually be agreed separately in writing between the parties).

6 Payment

(a) Subject to any special terms agreed in writing between the Customer and the Supplier, the Supplier may invoice the Customer for the price of the Equipment on or at any time after delivery of the Equipment, unless:

(i) the Equipment is to be collected by the Customer; or

(ii) the Customer wrongfully fails to take delivery of the Equipment,

and in either case the Supplier shall be entitled to invoice the Customer for the price at any time after the Supplier has notified the Customer that the Equipment is ready for collection.

(b) The Supplier may invoice the Customer for Annual Maintenance/Support and/or Annual Recertification in advance of the start of the relevant period, or as specified in the relevant Annual Maintenance & Recertification Agreement.

(c) Credit payment terms are only available to the Customer with the prior approval of the Supplier, and will be subject to an assessment of the Customer's creditworthiness. The Supplier may change the Customer's credit or payment terms at any time if (in the opinion of the Supplier) the Customer's financial condition or previous payment record justifies this.

(d) Subject to clause 6(c), unless an alternative payment period is stated in the Supplier's invoice, payment by the Customer shall be made within 30 days of the date of the Supplier's invoice, whether or not delivery has taken place or title in the Equipment has passed to the Customer.

(e) Unless otherwise specified in the Supplier's invoice, all payments shall be made in British Pounds (GBP) to the Supplier's designated bank account by direct debit, credit card or electronic transfer. Time for payment shall be of the essence of the Contract.

(f) If the Customer fails to make payment in full on the due date, the whole of the balance of the price of the Equipment and any Annual Maintenance/Support and/or Annual Recertification then outstanding shall become immediately due and payable and, without prejudice to any other right or remedy available to the Supplier, the Supplier shall be entitled to:

(i) terminate the Contract or suspend any further deliveries of Equipment and/or provision of warranty service or Annual Maintenance/Support and/or Annual Recertification (whether ordered under the same contract or not) to the Customer;

(ii) appropriate any payment made by the Customer to such of the Equipment or Annual Maintenance/Support or Annual Recertification (whether under this Contract or any other contract between the Customer and the Supplier) as it thinks fit (despite any purported appropriation by the Customer);

(iii) charge interest on the amount outstanding from the due date to the date of receipt by the Supplier (whether or not after judgment), at the annual rate of 5% above the base lending rate from time to time of NatWest Bank plc, accruing on a daily basis and being compounded quarterly until payment is made, whether before or after any judgment. The Supplier reserves the right to claim interest under the Late

Payment of Commercial Debts (Interest) Act 1998;

(iv) make a storage charge for any undelivered Equipment at its current rates from time to time;

(v) a general lien on all Equipment and property belonging to the Customer, exercisable in respect of all sums lawfully due from the Customer to the Supplier. The Supplier shall be entitled, on the expiry of 14 days' notice in writing, to dispose of such Equipment or property in such manner and at such price as it thinks fit and to apply the proceeds towards the amount outstanding.

(g) All sums payable to the Supplier under the Contract shall become due immediately on its termination, despite any other provision of the Contract. This clause 6(g) is without prejudice to any right to claim for interest under the law, or any right under the Contract.

(h) The Supplier may, without prejudice to any other rights it may have, set off any liability of the Customer to the Supplier against any liability of the Supplier to the Customer.

7 Delivery of Equipment and Acceptance

(a) The Supplier shall use its reasonable endeavours to deliver the Equipment on the date or dates specified in the Supplier's acknowledgement of order, but any such date is approximate only and time is not of the essence as to delivery. If no dates are so specified, delivery shall be within a reasonable time of acceptance of the order.

(b) The Equipment shall be delivered to the Customer's delivery location specified in the Supplier's acknowledgement of order or such other location agreed in writing prior to despatch. Equipment may be delivered by the Supplier in advance of the quoted delivery date on giving reasonable notice to the Customer.

(c) Delivery shall be made during normal business hours (excluding bank or public holidays). The Supplier may levy additional charges for any deliveries made outside such hours at the Customer's request.

(d) The Customer shall be responsible (at the Customer's cost) for preparing the delivery location for the delivery of the Equipment and for the provision of all necessary access and facilities reasonably required to deliver the Equipment. If the Supplier is prevented from carrying out delivery or installation on the specified date because no such preparation has been carried out, the Supplier may levy additional charges to recover its loss arising from this event.

(e) The Customer shall be deemed to have accepted the Equipment when the Customer has had 5 days to inspect it after delivery and has not notified the Supplier in writing under clause 12(b).

(f) The Supplier shall be responsible for any damage, shortage or loss in transit, provided that the Customer notifies it to the Supplier (or its carrier, if applicable) within three days of delivery or the proposed delivery date of the Equipment and that the Equipment has been handled in accordance with the Supplier's stipulations. Any remedy under this clause 7(f) shall be limited, at the option of the Supplier, to the replacement or repair of any Equipment which is proven to the Supplier's satisfaction to have been lost or damaged in transit.

(g) The Customer shall be responsible for complying with any legislation governing the importation of the Equipment into the country of destination, and subsequent the export and re-export of the Equipment. If in order to acquire or use the Equipment it must be registered with any governmental authority, it is the Customer's responsibility to obtain and maintain such registration and to pay any associated costs, expenses or taxes.

8 Risk and Property

(a) The Equipment shall be at the risk of the Supplier until delivery to the Customer. The Supplier shall off-load the Equipment at the Customer's risk.

(b) Ownership of the Equipment shall pass to the Customer on the later of completion of delivery (including without limitation off-loading), or when the Supplier has received in full in cleared funds all sums due to it in respect of:

(i) the Equipment; and

(ii) all other sums which are or become due to the Supplier from the Customer on any account.

(c) Until ownership of the Equipment has passed to the Customer under clause 8(b), the Customer shall:

(i) hold the Equipment on a fiduciary basis as the Supplier's bailee;

(ii) store the Equipment (at no cost to the Supplier) in satisfactory conditions and separately from all the Customer's other equipment or that of a third party, so that it remains readily identifiable as the Supplier's property;

(iii) not destroy, deface or obscure any identifying mark or packaging on or relating to the Equipment; and

(iv) keep the Equipment insured on the Supplier's behalf for its full price against all risks with a reputable insurer, ensure that the Supplier's interest in the Equipment is noted on the policy, and hold the proceeds of such insurance on trust for the Supplier and not mix them with any other money, nor pay the proceeds into an overdrawn bank account.

(d) The Customer's right to possession of the Equipment before ownership has passed to it shall terminate immediately if any of the circumstances set out in clause 17 arise or if the Customer encumbers or in any way charges the Equipment, or if the Customer fails to make any payment to the Supplier on the due date.

(e) The Customer grants the Supplier, its agents and employees an irrevocable licence at any time to enter any premises where the Equipment is or may be stored in order to inspect it, or where the Customer's right to possession has terminated, to remove it. All costs incurred by the Supplier in repossessing the Equipment shall be borne by the Customer.

(f) On termination of the Contract for any reason, the Supplier's (but not the Customer's) rights in this clause 8 shall remain in effect.

(g) The Supplier may appropriate payments by the Customer to such Equipment as it thinks fit, notwithstanding any purported appropriation by the Customer to the contrary.

9 Inspection and Testing of Equipment

The Supplier shall:

(i) test and inspect the Equipment on delivery to ensure that it complies with the requirements of the Contract; and

(ii) if so requested by the Customer, give the Customer reasonable advance notice of such tests (which the Customer shall be entitled to attend).

10 Software Licence

(a) If the Supplier refers to a software licence in its acknowledgment of order, the price of the Equipment includes the licence fee for the Customer's right to use the Software.

(b) If the Customer is provided with any operating system software licence in respect of the Software, the Customer shall sign and return it to the Supplier within seven days of installation of the software, unless the licence has been supplied on a "shrink-wrap" or "click-wrap" basis.

(c) If no software licence has been provided to the Customer, the Customer hereby accepts a non-exclusive licence to use the object code of the Software in conjunction with the Equipment for the Customer's own internal purposes in accordance with the documentation (if any) provided with the Software on the following conditions:

(i) the Customer shall not copy (except to the extent permissible under applicable law which is not capable of exclusion by agreement) or reproduce, translate, adapt, vary or modify the software, nor communicate it to any third party, without Supplier's prior written consent;

(ii) the Customer shall not use the Software on any equipment other than the Equipment, and shall not remove, adapt or otherwise tamper with any copyright notice, legend or logo which appears in or on the Software on the medium on which it resides;

(iii) such licence shall be terminable by either party on 28 days' written notice, provided that the Supplier may terminate only if the continued use or possession of the Software by the Customer infringes the developer's or a third party's rights, or the Supplier is compelled to do so by law, or if the Customer has failed to comply with any term of the Contract; and

(iv) on or before the expiry of this licence, the Customer shall return to the Supplier all copies of the Software in its possession.

(d) The Customer's Software licence under clause 10(c) is transferable by the Customer, subject to the Customer providing to the Supplier the name, address and location of transferee and payment of any applicable fees to the extent permissible under local laws. The Customer will immediately upon transfer deliver all copies of the Software to the transferee. The transferee must agree in writing to the Supplier's Software licence terms. In addition, the Customer's licence terms will be binding on involuntary transferees, notice of which is hereby given. Customer's licence will automatically terminate upon transfer.

11 Maintenance & Support - IMPORTANT

- (a) It is the Customer's responsibility to arrange for Annual Maintenance/Support and Annual Recertification of all Equipment to be undertaken by the Supplier in accordance with the Maintenance Protocols for that Equipment under a separate Annual Maintenance & Recertification Agreement. The Customer will be responsible for all additional charges payable under the Annual Maintenance & Recertification Agreement and for all transportation expenses incurred in returning Equipment to the Supplier for the provision of this service.
- (b) Orders placed by the Customer for Annual Maintenance/Support and Annual Recertification are subject to the Supplier's terms and conditions relevant to the Equipment and services concerned. The Customer also agrees, if required by the Supplier, to enter into separate written Annual Maintenance & Recertification Agreement(s) with the Supplier (in the Supplier's then current form) setting out the terms and conditions upon which such services will be provided.
- (c) Eligibility of Equipment for Annual Maintenance/Support and Annual Recertification is limited to Equipment at current specified revision levels.
- (d) The Customer is responsible for removing any Equipment not eligible for Annual Maintenance/Support or Annual Recertification to enable the Supplier to perform these services. Additional charges, calculated at the Supplier's standard rates, may be incurred for any extra work caused by such Equipment.
- (e) The Customer is responsible for maintaining a procedure external to the Equipment to reconstruct lost or altered Customer files, data or programs.
- (f) Subject to the terms of any applicable Annual Maintenance & Recertification Agreement, by giving not less than sixty (60) days' written notice to the other party:
- (i) the Customer may delete provision of Annual Maintenance/Support and Annual Recertification in respect of any Equipment, or may cancel any related support agreement; or
 - (ii) the Supplier may delete Equipment no longer included in the Supplier's support offering or may cancel a support agreement.
- (g) Subject to the terms of any applicable Annual Maintenance & Recertification Agreement, the Customer may not assign or transfer a support agreement without the Supplier's prior written consent. Any attempted assignment or transfer without such consent will be void. As conditions to such consent; (i) the assignee or transferee must agree in writing to the applicable support agreement; (ii) the Supplier may require that all Equipment included within a support agreement is in good operating condition; and (iii) the Supplier may impose applicable charges in connection with the assignment or transfer.
- (h) If Annual Maintenance and Annual Recertification is not promptly undertaken on any item of Equipment every 12 months in accordance with the Maintenance Protocols for that Equipment, this may severely affect the operability and safety of that equipment, and accordingly such item is not safe for any further use and the Supplier's warranty provided in respect of the item of Equipment concerned (under clause 12 below) will be void. The Supplier also excludes all liability for continued use of that item of Equipment in these circumstances (see clause 14(e) below).

12 Limited Warranty

- (a) The Supplier warrants to the Customer that the Equipment is free from defects in workmanship and materials. The Supplier undertakes (subject to the remainder of this clause 11(h)), at its option, to repair or replace any Equipment (other than consumable items) which is found to be defective as a result of faulty materials or workmanship within 12 months from the date of delivery.
- (b) The Supplier shall not in any circumstances be liable for a breach of the warranty contained in clause 12(a) unless:
- (i) the Customer gives written notice of the defect to the Supplier within five (5) days of the time when the Customer discovers or ought to have discovered the defect; and
 - (ii) after receiving the notice, the Supplier is given the option of testing or inspecting such Equipment at its current location or moving it to the Supplier's premises, and the Customer shall (if asked to do so by the Supplier) return such Equipment to the Supplier's place of business (or those of its agents or sub-contractor) at the Supplier's cost.
- (c) The Supplier shall not in any circumstances be liable for a breach of the warranty in clause 12(a) if:
- (i) the Customer makes any use of Equipment in respect of which it has given written notice under clause 12(b)(i); or

- (ii) the defect has arisen because the Customer failed to follow the Supplier's oral or written instructions as to the storage, commissioning, operation or use of the Equipment or (if there are none) good industry practice; or
 - (iii) the defect has arisen as a result of misuse, neglect, accident, mishandling or unauthorised or incorrect repair or maintenance by any person other than the Supplier, or improper installation, unauthorised modification, or loss or damage in transit; or
 - (iv) the serial number to the Equipment concerned has been removed, defaced, or changed; or
 - (v) the defect has arisen as a result of any information, design or any other assistance supplied or furnished by the Customer (or a third party on the Customer's behalf); or
 - (vi) the Customer has failed to comply with its obligations under clause 11(a) (including the terms of any Annual Maintenance & Recertification Agreement) relating to maintenance of the Equipment concerned.
- (d) Insofar as the Equipment hardware comprises or contains equipment or components which were not manufactured or produced by the Supplier, the Customer is entitled only to such warranty as the Supplier has received from the manufacturer. The Supplier shall use reasonable endeavours to transfer the benefit of such warranty to the Customer.
- (e) The warranty contained in clause 12(a) does not guarantee any minimum range or coverage of the Equipment or any ancillary equipment.
- (f) If the Supplier repairs or replaces Equipment as a result of any defect which falls outside the scope of the warranty in clause 12(a) then the Customer is responsible for payment of all the Supplier's associated costs (including the costs of transportation, investigation and replacement parts and labour charges) at the Supplier's standard rates at the relevant time.
- (g) Whenever repairing Equipment the Supplier may, at its option, repair or replace Equipment parts or sub-assemblies with new or reconditioned parts and sub-assemblies.
- (h) The Supplier warrants that any of the Supplier's own standard Software will substantially conform to its published technical specifications. Any Software supplied with the Equipment which was not produced by the Supplier is warranted in accordance with any End User License Agreement issued by the licensor(s) of that software which is supplied with the Equipment. The Supplier warrants all Software products against failure of programming instructions due to defects in materials and workmanship when properly installed and used on the Supplier's Equipment hardware. The Supplier is not responsible in any way for ancillary equipment, hardware or software not supplied by the Supplier which is attached to or used in connection with the Equipment, or for the operation of the Equipment with any ancillary equipment, hardware or software and all such equipment, hardware or software is expressly excluded from the Supplier's warranty.
- (i) Any repaired or replacement Equipment shall be under warranty for the unexpired portion of the 12 month period referred to in clause 12(a).

13 Supplier remedy

- (a) If the Supplier's performance of its obligations under the Contract is prevented or delayed by any act or omission of the Customer (other than by reason of a Force Majeure Event under clause 18), the Customer shall in all circumstances be liable to pay to the Supplier all reasonable costs, charges or losses sustained by it as a result, subject to the Supplier notifying the Customer in writing of any such claim it might have against the Customer in this respect.

14 Limitation of Liability

- (a) The following provisions set out the entire financial liability of the Supplier (including without limitation any liability for the acts or omissions of its employees, agents and sub-contractors) to the Customer in respect of:
- (i) any breach of the Contract howsoever arising; and
 - (ii) any representation, misrepresentation (whether innocent or negligent), statement or tortious act or omission (including without limitation negligence) arising out of or in connection with the Contract.
- (b) All warranties, clauses and other terms implied by statute or common law are excluded from the Contract to the fullest extent permitted by law.
- (c) Nothing in these Conditions excludes or limits the liability of the Supplier for:
- (i) death or personal injury caused by the Supplier's negligence; or
 - (ii) fraud or fraudulent misrepresentation.

(d) Subject to clause 14(b) and clause 14(c):

(i) the Supplier shall not in any circumstances be liable, whether in tort (including without limitation for negligence or breach of statutory duty howsoever arising), contract, misrepresentation (whether innocent or negligent) or otherwise for:

(i) any loss of revenue, business, anticipated savings or profit or any loss of use or value; or

(ii) downtime costs, loss of data or data restoration costs, or

(iii) any special, indirect, consequential or pure economic loss, costs, damages, charges or expenses;

in each case, even if foreseeable. ("**anticipated savings**" denotes any expense which the Customer expected to avoid incurring or to incur in a lesser amount than would otherwise have been the case); and

(ii) the Supplier's total liability in contract, tort (including without limitation negligence and breach of statutory duty howsoever arising), misrepresentation (whether innocent or negligent), restitution or otherwise, arising in connection with the performance or contemplated performance of the Contract shall be limited to the price payable for the Equipment (together with, if applicable, the price of any Annual Maintenance/Support and Annual Recertification payable to the Supplier under the Contract).

(e) Subject to clause 14(c), the Supplier excludes all liability for any defects in any item of Equipment if Annual Maintenance and Annual Recertification is not undertaken every 12 months in accordance with the Maintenance Protocols for that Equipment, including any resulting personal injury or death to users of that item of Maintained Equipment.

15 Intellectual Property Rights

(a) Title, ownership, and all Intellectual Property Rights in the Equipment (or any part thereof) and any copy, portion, or modification thereof, shall not transfer to the Customer and shall remain the Supplier's property (or that of the Supplier's licensors). The Supplier and its licensors retain all right, title and interest in the Software and no rights are granted to the Customer except as expressly set out in these Conditions. The Customer shall not at any time make any unauthorised use of such Intellectual Property Rights, nor authorise or permit any of its agents or contractors or any other person to do so. Third party licensors may protect their rights in the Software in the event of any violation of these Conditions.

(b) The Customer agrees not to copy, modify, alter, translate, disassemble, or reverse engineer the Equipment (including without limitation any embedded Software), or attempt to disable any security devices or codes incorporated in the Equipment, except as permitted by law. The Customer must not remove, alter, or obscure any printed or displayed legal notices contained on or in the Equipment.

(c) If the Supplier manufactures the Equipment, or applies any process to it, in accordance with a specification submitted or prepared by the Customer or any other information provided by the Customer, the Customer shall indemnify and keep indemnified the Supplier against all losses, damages, costs, claims, demands, liabilities and expenses (including without limitation consequential losses, loss of profit and loss of reputation, and all interest, penalties and legal and other professional costs and expenses) awarded against or incurred by the Supplier in connection with, or paid or agreed to be paid by the Supplier in settlement of, any claim for infringement of any third party Intellectual Property Rights which results from the Supplier's use of the Customer's specification or such other information. The indemnity shall apply whether or not the Customer has been negligent or at fault and does not limit any further compensation rights of the Supplier.

16 Confidentiality and Supplier's Property

(a) The Customer shall keep in strict confidence all technical or commercial know-how, specifications, inventions, processes or initiatives which are of a confidential nature and have been disclosed to the Customer by the Supplier or its agents, and any other confidential information concerning the Supplier's business or its products which the Customer may obtain. The Customer shall restrict disclosure of such confidential material to such of its employees, agents or sub-contractors as need to know the same for the purpose of discharging the Customer's obligations to the Supplier, and shall ensure that such employees, agents or sub-contractors are subject to obligations of confidentiality corresponding to those which bind the Customer.

(b) All materials, equipment and tools, drawings, specifications and data supplied by the Supplier to the Customer shall at all times be and remain the exclusive property of the Supplier, but shall be held by the Customer in safe custody at its own risk and maintained and kept in good condition by the Customer until returned to the Supplier, and shall not be disposed of or used other than in accordance with the Supplier's

written instructions or authorisation.

(c) This clause 16 shall survive termination of the Contract, however arising.

17 Termination

(a) Without prejudice to any other right or remedy available to the Supplier, the Supplier may terminate the Contract or suspend any further deliveries under the Contract without liability to the Customer and, if the Equipment has been delivered but not paid for, the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary if:

- (i) the ability of the Customer to accept delivery of the Equipment is delayed, hindered or prevented by circumstances beyond the Customer's reasonable control; or
- (ii) an order is made or a resolution is passed for the winding up of the Customer, or circumstances arise which entitle a court of competent jurisdiction to make a winding-up order in relation to the Customer; or
- (iii) an order is made for the appointment of an administrator to manage the affairs, business and property of the Customer, or documents are filed with a court of competent jurisdiction for the appointment of an administrator of the Customer, or notice of intention to appoint an administrator is given by the Customer or its directors or by a qualifying floating charge holder (as defined in paragraph 14 of Schedule B1 to the Insolvency Act 1986); or
- (iv) a receiver is appointed of any of the Customer's assets or undertaking, or if circumstances arise which entitle a court of competent jurisdiction or a creditor to appoint a receiver or manager of the Customer, or if any other person takes possession of or sells the Customer's assets; or
- (v) the Customer makes any arrangement or composition with its creditors, or makes an application to a court of competent jurisdiction for the protection of its creditors in any way, or becomes bankrupt; or
- (vi) the Customer ceases, or threatens to cease, to trade; or
- (vii) the Customer takes or suffers any similar or analogous action to any of the foregoing in any jurisdiction in consequence of debt.

(b) Termination of the Contract, however arising, shall not affect or prejudice the accrued rights of the parties as at termination or the continuation of any provision expressly stated to survive or implicitly surviving termination.

18 Force Majeure

The Supplier reserves the right to defer the date of delivery, or to cancel the Contract or reduce the amount of Equipment ordered, if it is prevented from or delayed in carrying on its business by acts, events, omissions or accidents beyond its reasonable control, including without limitation strikes, lock-outs or other industrial disputes (whether involving the workforce of the Supplier or any other party), failure of a utility service or transport or telecommunications network, act of God, war, riot, civil commotion, malicious damage, compliance with any law or governmental order, rule, regulation or direction, accident, breakdown of plant or machinery, fire, flood, storm or default of suppliers or sub-contractors (**Force Majeure Event**).

19 Notices

Any notice required to be given pursuant to the Contract shall be in writing and shall be delivered by hand or sent by pre-paid first-class post or recorded delivery post to the address of the party as set out in these Conditions, or such other address as may be notified by one party to the other. A notice delivered by hand is deemed to have been received when delivered (or, if delivery is not in business hours, 9.00 am on the first business day following delivery). A correctly addressed notice sent by pre-paid first-class post or recorded delivery post shall be deemed to have been received at the time at which it would have been delivered in the normal course of post.

20 Miscellaneous

(a) A waiver of any right under the Contract is only effective if it is in writing and signed by or on behalf of the waiving party, and it applies only to the party to whom the waiver is addressed and the circumstances for which it is given.

(b) If any provision of these Conditions (or part of a provision) is found by any court or administrative body of competent jurisdiction to be invalid, unenforceable or illegal, the other provisions shall remain in

force.

(c) Each party acknowledges that, in entering into the Contract and the documents referred to in it, it does not rely on any statement, representation, assurance or warranty (Representation) of any person (whether a party to the Contract or not) other than as expressly set out in the Contract or those documents.

(d) Each party agrees that the only rights and remedies available to it arising out of or in connection with a Representation shall be for breach of contract. Nothing in this clause shall limit or exclude any liability for fraud.

(e) The Customer shall not, without the prior written consent of the Supplier, assign, transfer, charge, sub-contract or deal in any other manner with all or any of its rights or obligations under the Contract. The Supplier may at any time assign, transfer, charge, sub-contract or deal in any other manner with all or any of its rights or obligations under the Contract.

(f) The Contract is made for the benefit of the parties to it and (where applicable) their successors and permitted assigns, and is not intended to benefit, or be enforceable by, any one else.

(g) The Contract and any disputes or claims arising out of or in connection with it or its subject matter or formation (including without limitation disputes or claims) are governed by and construed in accordance with the law of England. The parties irrevocably agree that the courts of England have exclusive jurisdiction to settle any dispute or claim that arises out of or in connection with the Contract or its subject matter or formation (including without limitation disputes or claims).

11 Maintenance Agreement Terms & Conditions

Annual Maintenance & Re-certification Service Agreement Terms & Conditions

1. Definitions & Interpretation

1.1 The definitions and rules of interpretation in this clause apply in these Conditions.

Annual Maintenance: the annual programme of Preventative Maintenance & Testing of the Maintained Equipment to be provided under the Maintenance Agreement.

Annual Recertification: annual re-certification of the Maintained Equipment as being in Good Working Order by us following completion of Annual Maintenance (and any necessary Corrective Maintenance) to be provided under the Maintenance Agreement.

Business Day: a day other than a Saturday, Sunday or public holiday in England when banks in London are open for business.

Certification Expiry Date: means, in relation to any item of **Maintained Equipment**, the date of expiry of the then current Annual Maintenance and Annual Recertification certificate.

Charges: the Standard Annual Charge and Corrective Maintenance Charges together.

Commencement Date: the date specified in the Maintenance Agreement.

Conditions: these Terms & Conditions.

Confidential Information: all confidential information (however recorded or preserved) disclosed by a party or its employees, officers, representatives, advisers or subcontractors involved in the provision or receipt of the services under the Maintenance Agreement, who need to know the confidential information in question (**Representatives**) to the other party and that party's Representatives in connection with the Maintenance Agreement, which is either labelled as such or else which should reasonably be considered as confidential because of its nature and the manner of its disclosure.

Corrective Maintenance: means:

- (a) making any adjustments to the Maintained Equipment; and
- (b) repairing or replacing any parts or components of the Maintained Equipment,

required to restore any malfunctioning or failed Maintained Equipment to Good Working Order.

Corrective Maintenance Fees: the fees payable for the provision of any Corrective Maintenance, which are calculated at the Corrective Maintenance Rates.

Corrective Maintenance Rates: the rates set out in the Maintenance Agreement, as those rates are amended from time to time in accordance with these Conditions.

Good Industry Practice: in relation to any undertaking and any circumstances, the exercise of skill, diligence, prudence, foresight and judgement and the making of any expenditure that would reasonably be expected from a skilled person engaged in the same type of undertaking under the same or similar circumstances.

Good Working Order: the Maintained Equipment operates in accordance with the Operating Manuals.

Initial Period: the period of months (commencing on the Commencement Date) specified in the Maintenance Agreement.

Maintained Equipment: the equipment specified in the Maintenance Agreement (by reference to the serial number(s) of that equipment).

Maintenance Agreement: the Annual Maintenance & Re-certification Service Agreement signed by you and us, which is subject to these Conditions (and any reference to the Maintenance Agreement shall include these Conditions).

Normal Business Hours: 8.30 am to 6.00 pm GMT on a Business Day.

Operating Manuals: all operating manuals, specifications and other manufacturer documentation relating to the Maintained Equipment, including procedures, requirements and protocols for routine maintenance, repairs and support of the Maintained Equipment.

Preventative Maintenance & Testing: means:

- (c) physical review of the Maintained Equipment;
- (d) physical testing that the Maintained Equipment (including battery) is functional; and
- (e) pressure testing of the Maintained Equipment;
- (f) software updates and maintenance; and
- (g) other diagnostic tests we decide are appropriate for the Maintained Equipment.

Renewal Period: each successive 12-month period after the Initial Period for which the Maintenance Agreement is renewed.

Service Location: our designated service centre where the Annual Maintenance & Annual Recertification (and any Corrective Maintenance) will take place.

Standard Annual Charge: the fees payable by you for the provision of the Annual Maintenance & Annual Recertification, as set out the Maintenance Agreement, as these fees are varied from time to time in accordance with these Conditions.

Term: the Initial Period together with all Renewal Periods.

- 1.2 A **person** includes a natural person, corporate or unincorporated body (whether or not having separate legal personality) and that person's legal and personal representatives, successors and permitted assigns. A reference to a **company** shall include any company, corporation or other body corporate, wherever and however incorporated or established.
- 1.3 Unless the context otherwise requires, words in the singular shall include the plural and vice versa, and a reference to one gender shall include a reference to the other genders.
- 1.4 A reference to a statute or statutory provision is a reference to it as it is in force for the time being, taking account of any amendment, extension or re-enactment, and includes any subordinate legislation for the time being in force made under it.
- 1.5 A reference to **writing** or **written** includes faxes and e-mail.
- 1.6 References to clauses are to the clauses of these Conditions. Headings in these Conditions or the front pages of the Maintenance Agreement shall not affect the interpretation of the paragraphs or clauses to which they relate.
- 1.7 Any words following the terms including, include, in particular or any similar expression will be construed as illustrative and shall not limit the sense of the words, description, definition, phrase or term preceding those terms.

2. Annual Maintenance & Recertification

- 2.1 Each year during the Term, we will (subject to these Conditions) provide you with the Annual Maintenance and Annual Recertification in respect of the Maintained Equipment at our Service Location. The next Annual Maintenance and Annual Recertification must be undertaken on or prior to the relevant Certification Expiry Date in respect of the last Annual Maintenance and Annual Recertification certificate for the item of Maintained Equipment concerned. For these services we will charge you the Standard Annual Charge in accordance with clause 6 below.
- 2.2 **If Annual Maintenance and Annual Recertification is not undertaken on any item of Maintained Equipment in accordance with clause 2.1 on or prior to the relevant Certification Expiry Date, this will severely affect the operability and safety of that equipment, and accordingly such item is not safe for any further use. In these circumstances, any warranty in respect of the item of Maintained Equipment (under the contract between the parties for supply of the item concerned) will be void, and we exclude all liability for any defects in the Equipment and the results of any further use of that item of Equipment, including any personal injury or death caused to users.**

3. Corrective Maintenance

- 3.1 Where we perform (or have performed) Annual Maintenance & Annual Recertification in circumstances where the Maintained Equipment was not in Good Working Order, we may charge you, and you must pay Corrective Maintenance Charges in respect of that work, together with the costs of all spare parts and/or replacements, in accordance with clause 6 below.

4. Replacements and Spare Parts

- 4.1 In performing the Corrective Maintenance, we will source all spare parts required to restore the Maintained Equipment to Good Working Order.
- 4.2 All spare parts and/or replacements we provide to you will become part of the Maintained Equipment. All parts and components removed from the Maintained Equipment by us in the course

of performing the Corrective Maintenance shall no longer constitute part of the Maintained Equipment and will be our property .

5. Your Obligations

You must:

- (a) arrange with us for the provision of the Annual Maintenance and Annual Recertification (and any necessary Corrective Maintenance) in respect of the Maintained Equipment, prior to the then current Certification Expiry Date for the Maintained Equipment;
- (b) arrange (at your own cost) for transportation of the Maintained Equipment to our Service Location for the provision of the Annual Maintenance and Annual Recertification (and any necessary Corrective Maintenance);
- (c) ensure that the Maintained Equipment is installed and kept in suitable premises and under suitable conditions, as specified in the agreement under which the Maintained Equipment was supplied (or the Operating Manuals), permit only trained and competent personnel to use it and follow any operating instructions as we may provide from time to time;
- (d) notify us promptly if any Maintained Equipment is discovered to be operating incorrectly and not use these items until Corrective Maintenance has been undertaken;
- (e) at all reasonable times permit full and free access to the Maintained Equipment to us, our employees, contractors and agents;
- (f) provide us with any information that is reasonably requested in the performance of the Annual Maintenance & Annual Recertification and the Corrective Maintenance;
- (g) not allow any person other than us to maintain, alter, modify or adjust the Maintained Equipment without our prior written approval (excluding any routine adjustment for use permitted by the Operating Manuals);
- (h) keep the Maintained Equipment in your possession and under your control at all times (save for any periods during which it is in our possession under the Maintenance Agreement) and (if we request) notify us immediately of its location and not remove it from that location;
- (i) store any reserve equipment only in conditions approved by us, and make this equipment available for periodic maintenance, as with all other Maintained Equipment; and
- (j) only use supplies or materials supplied or approved by us (approval not to be unreasonably withheld or delayed).

6. Charges

- 6.1** For the performance of Annual Maintenance and Annual Recertification, you must pay us the Standard Annual Charge.
- 6.2** For the performance of any Corrective Maintenance, you must pay us Corrective Maintenance Charges.
- 6.3** The Standard Annual Charge is due and payable by you in full annually in advance, within 30 days of receipt of a valid invoice from us. Any Corrective Maintenance Fees are due and payable monthly, within 30 days of receipt of a valid invoice from us. Any charges for spare parts are due within 30 days of receipt of a valid invoice from us.
- 6.4** We reserve the right to charge interest at an annual rate of 5% above the base rate of NatWest Bank plc, calculated on a daily basis in respect of any sum which is due and unpaid, that interest to run from the date on which that sum is due and payable until receipt by us of the full amount, whether before or after judgement.
- 6.5** All Charges are exclusive of VAT or any other applicable sales tax, which you must pay at the rate and in the manner for the time being prescribed by law.
- 6.6** We may, at any time after the first anniversary of the Commencement Date, increase the Standard Annual Charge and the Corrective Maintenance Rates by giving you not less than three months written notice, provided that:
 - (a) the amount of any such increase (by reference to the level of the Standard Annual Charge and/or the Corrective Maintenance Rates immediately prior to such increase taking effect) shall not exceed 20%; and

- (b) the increases will be no more frequent than once in any 12-month period.

7. Our Warranties

7.1 We warrant to you that:

- (a) the Annual Maintenance & Annual Recertification and the Corrective Maintenance will be performed:
 - (i) by an appropriate number of suitably qualified and experienced personnel;
 - (ii) using all reasonable skill and care; and
 - (iii) in accordance with all applicable laws and regulations in force from time to time.
- (b) all components and equipment supplied or used in the course of the provision of the Corrective Maintenance shall operate in accordance with their technical specifications;
- (c) we have full capacity and authority and all necessary permissions, licences and consents necessary to enter into, and perform our obligations under, the Maintenance Agreement and that those signing the Maintenance Agreement are duly authorised to bind the party for whom they sign.

7.2 Except as expressly stated in these Conditions, all warranties, conditions and terms, whether express or implied by statute, common law or otherwise (including fitness for purpose and suitability) are hereby excluded to the extent permitted by law.

8. Liability

8.1 Neither party excludes or limits liability to the other party for:

- (a) fraud or fraudulent misrepresentation;
- (b) death or personal injury caused by negligence; or
- (c) a breach of any obligations implied by section 12 of the Sale of Goods Act 1979 or section 2 of the Supply of Goods and Services Act 1982.

8.2 Subject always to clause 8.1, neither party will be liable whether in contract, tort (including for negligence and breach of statutory duty), misrepresentation (whether innocent or negligent), restitution or otherwise, for:

- (a) any loss (whether direct or indirect) of profits, business, revenue, or goodwill;
- (b) loss or corruption (whether direct or indirect) of data or information; or
- (c) any special, indirect or consequential loss, costs, damages, charges or expenses however arising under the Maintenance Agreement.

8.3 Subject always to clause 8.1, each party's total aggregate liability in contract, tort (including negligence and breach of statutory duty), misrepresentation (whether innocent or negligent), restitution or otherwise, arising in connection with the performance or contemplated performance of the Maintenance Agreement in any 12-month period (being the 12 month period immediately preceding the date on which the cause of action first arose) will be limited to 200% of the total Charges paid by you to us during that 12-month period.

8.4 Subject to clause 8.1, we exclude all liability for any defects in any item of Maintained Equipment after the relevant Certification Expiry Date if Annual Maintenance and Annual Recertification is not undertaken in accordance with these Conditions, including any resulting personal injury or death to users of that item of Maintained Equipment.

9. Confidentiality

9.1 The term Confidential Information does not include any information that:

- (a) is or becomes generally available to the public (other than as a result of disclosure by the receiving party or its Representatives in breach of this clause);
- (b) was available to the receiving party on a non-confidential basis before disclosure by the disclosing party;
- (c) was, is, or becomes, available to the receiving party on a non-confidential basis from a person who, to the receiving party's knowledge, is not bound by a confidentiality agreement with the disclosing party or otherwise prohibited from disclosing the information to the receiving party;
- (d) was known to the receiving party before the information was disclosed to it by the disclosing party;
- (e) the parties agree in writing is not confidential or may be disclosed; or

- (f) is developed by or for the receiving party independently of the information disclosed by the disclosing party.
- 9.2** Each party shall keep the other party's Confidential Information confidential and shall not:
- (a) use any Confidential Information except for the purpose of exercising or performing its rights and obligations under the Maintenance Agreement (**Permitted Purpose**); or
 - (b) disclose any Confidential Information in whole or in part to any third party, except as expressly permitted by this clause.
- 9.3** A party may disclose the other party's Confidential Information to those of its Representatives who need to know that Confidential Information for the Permitted Purpose, provided that:
- (a) it informs those Representatives of the confidential nature of the Confidential Information before disclosure; and
 - (b) at all times, it is responsible for the Representatives' compliance with the confidentiality obligations set out in this clause 9.
- 9.4** A party may disclose Confidential Information to the extent required by law, by any governmental or other regulatory authority, or by a court or other authority of competent jurisdiction provided that, to the extent it is legally permitted to do so, it gives the other party as much notice of the disclosure as possible.
- 9.5** Each party reserves all rights in its Confidential Information. No rights or obligations in respect of a party's Confidential Information, other than those expressly stated in these Conditions, are granted to the other party, or are to be implied from the Maintenance Agreement.
- 9.6** The provisions of this clause 9 shall continue to apply after termination of the Maintenance Agreement.
- 10. Term and Termination**
- 10.1** The Maintenance Agreement shall commence on the Commencement Date and shall remain in force, unless terminated earlier in accordance with clause 10.2, for the Initial Period. The Term of the Maintenance Agreement shall automatically be extended for a Renewal Period at the end of the Initial Period and at the end of each Renewal Period, unless a party gives written notice to the other party, not later than 60 days before the end of the Initial Period or the relevant Renewal Period, to terminate the Maintenance Agreement.
- 10.2** Without prejudice to any rights that have accrued under the Maintenance Agreement or any of its rights or remedies, either party may terminate the Maintenance Agreement with immediate effect by giving written notice to the other party if:
- (a) the other party fails to pay any amount due under the Maintenance Agreement on the due date for payment and remains in default not less than 14 days after being notified in writing to make that payment;
 - (b) the other party commits a material breach of any material term of the Maintenance Agreement (other than failure to pay any amounts due under the Maintenance Agreement) and (if that breach is remediable) fails to remedy that breach within a period of 30 days after being notified in writing to do so;
 - (c) the other party:
 - (i) suspends, or threatens to suspend, payment of its debts;
 - (ii) is unable to pay its debts as they fall due or admits inability to pay its debts;
 - (iii) (being a company) is deemed unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986;
 - (iv) (being an individual) is deemed either unable to pay its debts or as having no reasonable prospect of so doing, in either case, within the meaning of section 268 of the Insolvency Act 1986; or
 - (v) (being a partnership) has any partner to whom any of clause 10.2(c)(i) to clause 10.2(c)(iv) apply.
 - (d) the other party commences negotiations with all or any class of its creditors with a view to rescheduling any of its debts, or makes a proposal for or enters into any compromise or arrangement with its creditors other than (in the case of a company) for the sole purpose of a scheme for a solvent amalgamation of that other party with one or more other companies or the solvent reconstruction of that other party;

- (e) a petition is filed, a notice is given, a resolution is passed, or an order is made, for or in connection with the winding up of that other party (being a company) other than for the sole purpose of a scheme for a solvent amalgamation of that other party with one or more other companies or the solvent reconstruction of that other party;
- (f) an application is made to court, or an order is made, for the appointment of an administrator, or if a notice of intention to appoint an administrator is given or if an administrator is appointed, over the other party (being a company);
- (g) the holder of a qualifying floating charge over the assets of that other party (being a company) has become entitled to appoint or has appointed an administrative receiver;
- (h) a person becomes entitled to appoint a receiver over the assets of the other party or a receiver is appointed over the assets of the other party;
- (i) a creditor or encumbrancer of the other party attaches or takes possession of, or a distress, execution, sequestration or other similar process is levied or enforced on or sued against, the whole or any part of the other party's assets and that attachment or process is not discharged within 14 days;
- (j) any event occurs or proceeding is taken with respect to the other party in any jurisdiction to which it is subject that has an effect equivalent or similar to any of the events mentioned in clause 10.2(c) to 10.2(i) (inclusive);
- (k) the other party suspends or ceases, or threatens to suspend or cease, carrying on all or a substantial part of its business; or
- (l) there is a change of control of the other party (within the meaning of section 1124 of the Corporation Tax Act 2010).

10.3 Any provision of the Maintenance Agreement that expressly or by implication is intended to come into or continue in force on or after termination of the Maintenance Agreement shall remain in full force and effect.

10.4 Termination of the Maintenance Agreement, for any reason, shall not affect the accrued rights, remedies, obligations or liabilities of the parties existing at termination.

10.5 On termination of the Maintenance Agreement for any reason, each party shall as soon as reasonably practicable:

- (a) return or destroy (as directed in writing by the other party) any documents, handbooks, CD-ROMs or DVDs or other information provided to it by the other party or data for the purposes of the Maintenance Agreement, including all documents and materials (and any copies) containing, reflecting, incorporating or based on the other party's Confidential Information;
- (b) delete (to the extent possible) any proprietary software belonging to the other party and all the other party's Confidential Information from its IT network and hard disks or other storage means associated with any computer equipment owned or controlled by the other party;
- (c) return all of the other party's equipment and materials, failing which, the other party may enter the relevant premises and take possession of them. Until these are returned or repossessed, the party remaining in possession is solely responsible for their safe-keeping; and
- (d) you must immediately pay any outstanding amounts owed to us pursuant to the Maintenance Agreement.

10.6 Regardless of its obligations in this clause 10, if a party is required by any law, regulation, or government or regulatory body to retain any documents or materials which it would otherwise be required to return or destroy under clause 10.5, it shall notify the other party in writing of that retention, giving details of the documents or materials that it must retain. Clause 9 shall continue to apply to any retained documents and materials, subject to this clause 10.

11. Force Majeure

Neither party will be in breach of the Maintenance Agreement nor liable for delay in performing, or failure to perform, any of its obligations under the Maintenance Agreement if that delay or failure results from events, circumstances or causes beyond its reasonable control. In these circumstances the affected party is entitled to a reasonable extension of the time for performing its

obligations, provided that, if the period of delay or non-performance continues for 6 months, the party not affected may terminate the Maintenance Agreement by giving 14 days' written notice to the other party.

12. Joint and individual liability

If you are a partnership all partners will be liable jointly and individually for all your duties under the Maintenance Agreement (and when "you" and similar words are used in the Maintenance Agreement, they refer to any of the partners as well as all of them and notice to one partner is good notice to them all).

13. Notices

Any notice which has been served under the Maintenance Agreement must be a written notice and may be personally delivered or sent by post, or fax, or email. A notice will be taken to have been delivered on the same date it is sent by fax or delivered by hand, or one Business Day after it has been sent by email, or two days after the date of posting it.

14. Our rights

If we do not enforce all of our rights under the Maintenance Agreement, or if we delay in doing so, we do not give up any of these rights or the rights which we have if you break the Maintenance Agreement again.

15. Confidential Information

Neither you nor we will, during and after termination of the Maintenance Agreement, without the prior written consent of the other, use or disclose to any other person any information of the other which is identified as confidential or which is confidential by its nature. It is agreed that you and we will upon demand (and on termination of the Maintenance Agreement) surrender to the other all materials relating to such confidential information in its or its personnel's, agents' or representatives' possession.

16. Miscellaneous

- 16.1** The Maintenance Agreement and any dispute or claim arising out of or in connection with it or its subject matter (including non-contractual disputes) will be governed by and construed in accordance with English law. The parties irrevocably agree that the courts of England and Wales shall have exclusive jurisdiction to settle any dispute or claim that arises out of or in connection with the Maintenance Agreement or its subject matter (including non-contractual disputes).
- 16.2** The benefits of the Maintenance Agreement will be freely assignable by us in whole or in part and we may delegate to any person all or any of the rights, remedies, powers or privileges conferred on us under it or provided by law. The Maintenance Agreement is personal to you and accordingly you may not assign, transfer, mortgage, charge, subcontract, declare a trust of or deal in any other manner with any of your rights and obligations under the Maintenance Agreement without our prior written consent (which is not to be unreasonably withheld or delayed).
- 16.3** If any part of the Maintenance Agreement (including these Conditions) is found to be unenforced that will not affect the rest of the agreement in any way.
- 16.4** By signing the Maintenance Agreement you agree that the Contracts (Rights of Third Parties) Act 1999 will not apply.
- 16.5** You and we each acknowledge that, in entering into the Maintenance Agreement, no reliance has been placed on, and neither you nor we will have any right or remedy in respect of, any statement, representation, assurance or warranty (whether made negligently or innocently) other than as expressly set out in the Maintenance Agreement. You and we agree that the only liability in respect of those representations and warranties that are set out in the Maintenance Agreement (whether made innocently or negligently) will be for breach of contract. Nothing in this clause shall limit or exclude any liability for fraud or for fraudulent misrepresentation.
- 16.6** No variation of the Maintenance Agreement will be effective unless it is in writing and signed by both you and us (or our authorised representatives).
- 16.7** No failure or delay by a party to exercise any right or remedy provided under the Maintenance Agreement or by law shall constitute a waiver of that or any other right or remedy, nor shall it preclude or restrict the further exercise of that or any other right or remedy. No single or partial exercise of any right or remedy shall preclude or restrict the further exercise of that or any other right or remedy.

- 16.8** The Maintenance Agreement constitutes the entire agreement between the parties and supersedes all previous discussions, correspondence, negotiations, arrangements, understandings and agreements between them relating to its subject matter.

12 Disclaimer

The sMRT AU10 is an emergency rescue transmission device that should only be activated as a last resort. Misuse or false activation is unlawful and irresponsible, and could result in prosecution or penalty.

The sMRT AU10 should not be relied on as the only source of man overboard notification and the vessel owner, operator or master must exercise common prudence and good seamanship at all times. Use of the sMRT AU10 in no way reduces liability of the vessel's master and crew who have the primary responsibility for safety on board.

No device is 100% fail safe nor can it guarantee safe rescue in an emergency. When activated, The sMRT AU10 is a dual-operation Maritime Survivor Locating Device transmitting on the 121.5 MHz search and rescue (SAR) frequency, while simultaneously transmitting GPS position co-ordinates on AIS channels AIS1 and AIS2 to equipped vessels or stations within range, but requires subsequent human interaction to acknowledge and respond to the distress alert.

Satellite GPS lock and in-water tracking is dependent on the extent of satellite system coverage and reception at the time and location of the emergency. The actual time and success of rescue is therefore dependent on all these contributing factors and as such, is outside the control of MRT.

This user manual contains important information that must be adhered to for reliable use and operation of the product. It is the owner's sole responsibility to make the effort to read this manual and to ensure that the equipment's operation and limitations are understood. Visit the MRT website www.mrtsos.com to download the latest user manuals for all products. MRT reserves the right to change specifications, equipment, installation and maintenance instructions without notice as part of the company's policy of continuous product development and improvement.

14 Technical Specifications

Environmental	
Sealing depth	IP68
Operating temp	-20° to +55°C
Storage Temp	-45° to +70°C
Operating humidity	to 95% non-condensing
Shock	20G min
Vibration	EuroCAE ED-14G
Compass safe distance	30cm (for <1° deflection)
Flammability Rating	ED-14G 26.3.3 Category C
Battery	6V Li-MnO ₂
Buoyancy	Buoyant (index=9%)
Transportation	Air cargo UN 3091 - not hazardous
Physical	
Dimensions (Case)	80mm x 95mm x 35mm
Weight	250g
Antenna Visible Length	535mm
Standards Applied	
EMC	EN 301 489-22 V1.3.1, EN 301 489-1 V1.8.1, EN 302 961-2 V1.2.2
Electrical Safety	EN 60950-1:2006
Marine	IEC 60945:2002
Radio (121.5MHz)	EN 300 152 V1.1.1, EN 302 961-2 V1.1.0
Radio (AIS)	ETS 303 098-1 V0.0.4, RTCM 11901.1:2012,
Electrical	
Airband frequencies	121.500, 121.650, 121.775 MHz Distress
Modulation	AM compliant to ITU-R M.690-2 (2012)
Airband Power	121.5MHz = 100mW PERP max (RTCM 11901.1:2012 clause B.3.5.1.6)
Marine-band frequencies	161.975, 162.025 MHz (AIS1, AIS2)
Signaling type	AIS-MOB standards applied ETSI 303 098-1, RTCM STANDARD 11901.1
Marine-band power	AIS = 1W EIRP max not specified in RTCM 11901.1:2012 annex E
Emission Type	121.5 MHz = A3X—AIS = F1D
VHF antenna	Centre-fed dipole, comprising cable and l/8 coil whip
GPS antenna	Circular-polarised wide-angle bulb
Operational	
Operating time	>12 hours continuous
Standby battery life	18 months
Permanently Armed/Ready	18 months with >6 hours continuous operation remaining
GPS position update	Every minute
GPS time to first lock	<1 minute under normal operating conditions
Alert indication	Audible and visible SOS signalling
Activation	Slide switch plus water sensor
MMSI	Permanent factory programmed (972 prefix)
Operational Life	5 years from the date of purchase
